Government bonds moved to new low records. Both the 4s and the 2s declined together. There was a single sale of \$10,-600 of 4s on the exchange at a decline of half a point, and several blocks are reported to have changed hands on the outside. The 2s fell to 0s, a new low record for this issue.

Interest in Bank Statement.

In our own market call money renewed at 3 per cent. Much interest is taken in tomorrow's bank statement, and preliminary figures indicate a cash gain of some \$2,000,000. Currency receipts from the interior have just about balanced losses to the sub-treasury. With the tariff bill a law, it is predicted that general business will rapidly adjust itself to new conditions while the financial district concentrates its doubts and fears on currency legislation. Wall street is without active speculative leadership. Bankers are not disposed to encourage operations, the public is indifferent, and the professional trader shifts from one side of the market to the other in a value effort to find a tendency. Wheat Prices Make No Response to Fact That Bill Awaited Signature.

CHICAGO, Oct. 3.—Wheat prices today made no response to the fact that the tariff bill was awaiting the signature of the president. Traders generally considered the effect of the legislation had been fully discounted pending developments as to the course to be taken by Canada resarding duties against the United States. Closing prices here were firm at \$50 to \$20 to 100 to

Generous commission support for wheat appeared when the market had undergone a fair setback. Seaboard clearances were large and a buil leader at Minneapolis more definitely predicted a failing off in receipts next weck. Railying power, however, was restricted by the stackness of cash demand.

Fine weather and the fact that shipping call was poor sent corn lower with wheat. Besides, there were enlarged estimates of the Argentine export surplus. Shorts were the best buyers.

Sales of Canadian oats at Toledo and Minneapolis carried down the price of the cereal here. Canadian shipments to this city were offered at the Chicago December price, c. 1, 6, duty paid.
